

Keith Hersberger and Kevin Green

Keith Hersberger + Kevin Green

Yours sincerely,

We commend all at Bullfrog for your fine, long-lasting creativity. It has brought us (passersby and neighbors, too) great joy, and will for many years to come.

Thank you for your every professional endeavor to make the experience positively memorable. From the initial sale and artistic negotiations, to each and every craftsman who made their indelible mark on Brooklyn history—mason and crew, the *Hardy Boy* carpenters, door and pebble floor installation—we have been happy and, in the end, satisfied.

With gratitude for everyone who helped bring our ca. 1845 facade to great new life!
